The screenshot shows the assignment list for the 'GM development area (Comm_AQaD_GMtest)' module. The 'Graded' filter is selected. The table shows two assignments: 'CW060218 Turnin Assignment' with a grade of 66.00000 and 'CW070218 DUE: 07-FEB-2018 Assignment' with a grade of 31.00000. A speech bubble icon is visible next to the second assignment.

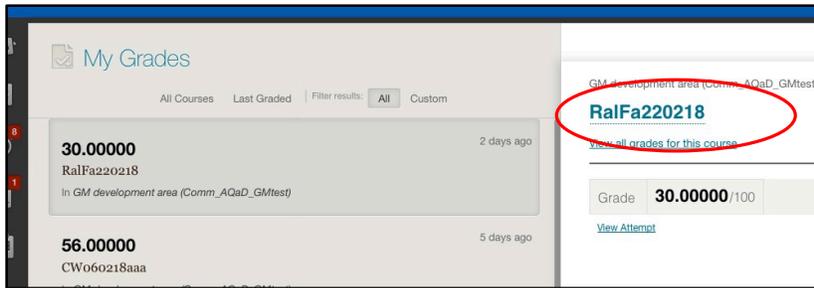

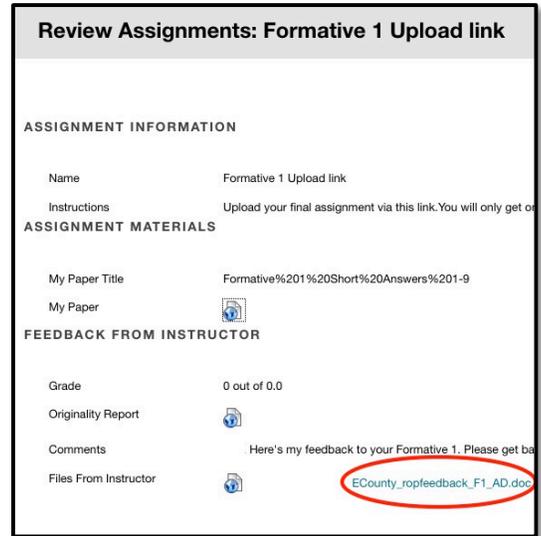

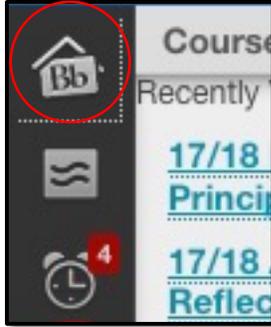

The screenshot shows a feedback popup for the assignment 'CW070218'. The text reads: 'I have read your submission which appears on the surface to be well written and cover many if not all of the points the question asked for. However you spend a lot of your word count providing to much emphasis on some points (for example Blah Blah Blah) which meant you went over the 300 words specified, see comments. Sampleworddoc.doc'.

7

In the Assignments review page that opens. Look for feedback from instructor and files from instructor. Your feedback is located there.

8

If the link in step 6 is not active an alternative is to go through the Bb review from the global navigation bar (step 1). Then select the assignment from the recently graded list. You will then be taken to MY Grades. From there select the relevant assignment and the corresponding link will appear to the right as below.
