

# Adding links and embed codes from edShare to GCULearn

## Introduction

Congratulations! You have successfully added your item to edShare. Now you want to add links or embed codes to GCULearn. This document shows you how to add links to documents, presentations or multimedia items.

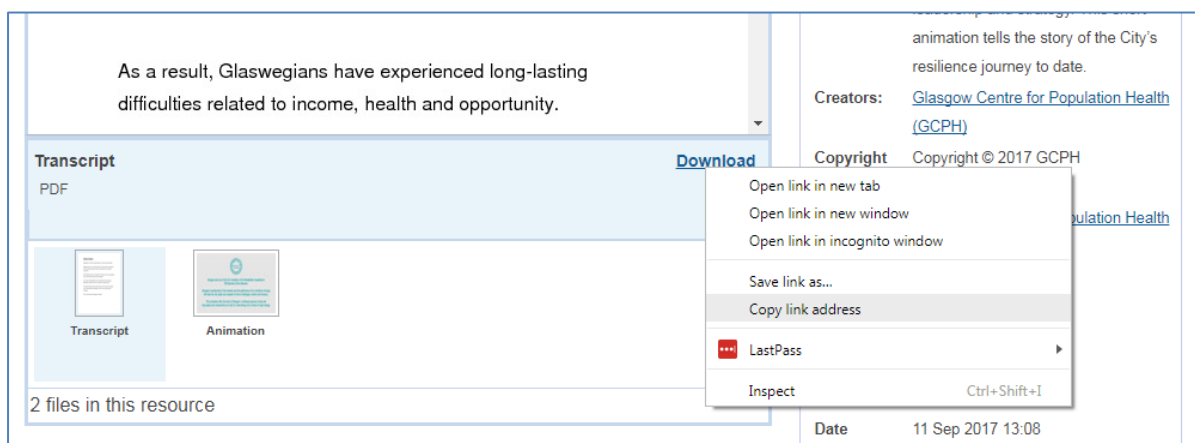

If you added a multimedia item, remember it usually takes overnight to run all the processes and create the embed code. If the code does not appear the next day, then contact us at [edshare@gcu.ac.uk](mailto:edshare@gcu.ac.uk) and we will look into it.

## Adding a link

### Documents (PDF, Word and PowerPoint)

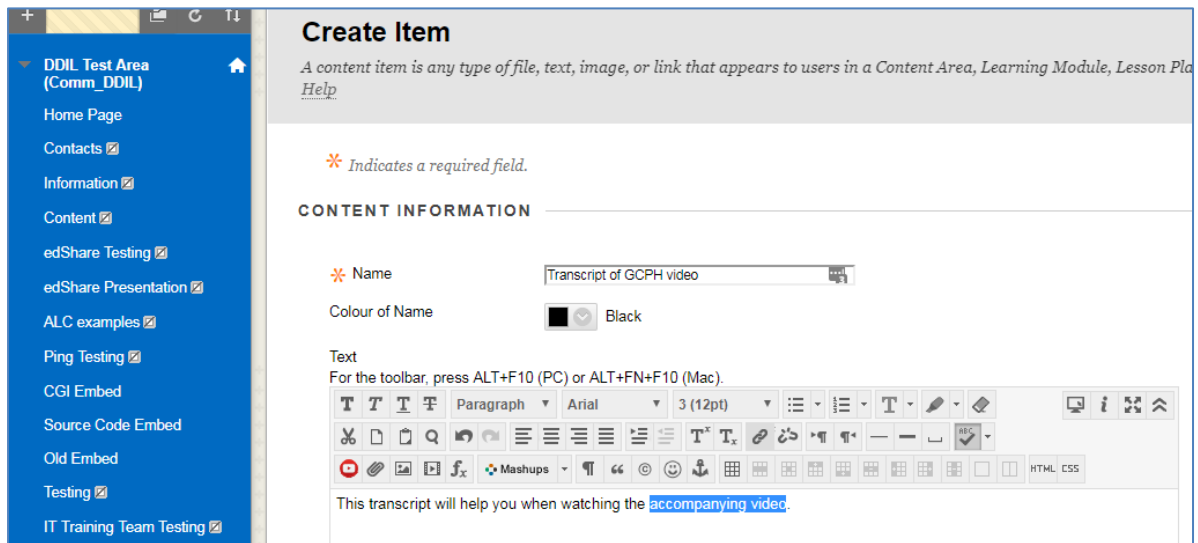

Go to your edShare item's page. If there is more than one file attached to the record, then highlight the item you wish to link. Documents (PDF or Word) and presentations (PowerPoint) work slightly differently to multimedia files. Here is an example of a PDF file:

- Highlight file
- Right click the Download link and select copy link address.
- You now have a link ready to add to GCULearn or a web page.

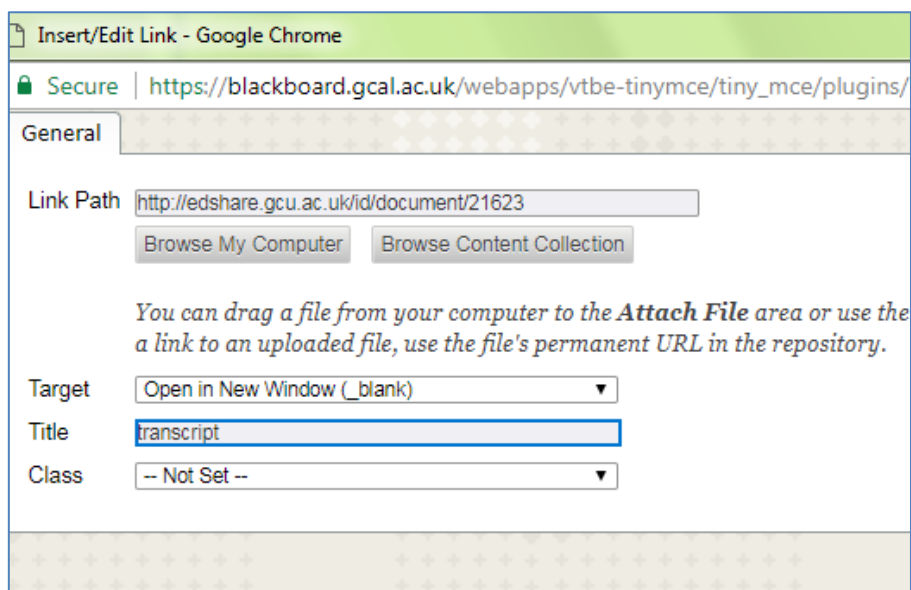

- Sign in to GCULearn
- Go to the appropriate place in your module, and click Create item (you can also use Create link, but usually you will want to add some instructions for your students).

# Adding links and embed codes from edShare to GCULearn

- Highlight the text to be linked and click the hyperlink icon.

- Paste the link into the link path box
- Set target to open in new window
- Click submit

# Adding links and embed codes from edShare to GCULearn

## Multimedia files

- Go to your item in edShare and highlight the appropriate file (if there is more than one)
- Go to the embed code displayed below the preview window
- Highlight the URL between the two sets of inverted commas and copy it
- Insert the link in GCULearn as outlined above

The screenshot displays the edShare interface for a multimedia file. At the top, there is a video player showing a progress bar at 6:25 / 6:25. Below the player, the file is identified as an "Animation" (Video (AVI)) with a size of 309MB. There are three buttons: "Embed", "Source Code", and "Download". The "Embed" button is active, showing the following HTML code:

```
<iframe width="560" height="315" src="https://edshare.gcu.ac.uk/cqj/embed_player?docid=21624"
frameborder="0" allowfullscreen="1"></iframe>
```

A "Copy Embed Code" button is located below the code. Below the code, there are two thumbnails: "Transcript" and "Animation". At the bottom of the file list, it says "2 files in this resource".

On the right side of the interface, there is a metadata section with the following information:

- Creators:** [Glasgow Centre for Population Health \(GCPH\)](#)
- Copyright holder:** Copyright © 2017 GCPH
- Tags:** [Glasgow Centre for Population Health](#)
- Viewing permissions:** World
- Related:** [Organisation](#)
- URLs:**
- Depositing User:** [Mrs Marion Kelt](#)
- Date:** 11 Sep 2017 13:08
- Deposited:**
- Last Modified:** 12 Sep 2017 01:20
- URI:** <http://edshare.gcu.ac.uk/id/eprint/2936>

At the bottom right, there is a link for "Actions (login required)".

# Adding links and embed codes from edShare to GCULearn

## Adding embed codes for multimedia files

- Find your item in edShare
- Look for the embed code displayed below the preview window
- Click copy embed code button

The screenshot displays the edShare interface for a multimedia item. At the top, there is a video player showing a progress bar at 6:25 / 6:25. Below the player, the item is identified as an "Animation" (Video (AVI), 309MB) with buttons for "Embed", "Source Code", and "Download". The "Embed" button is highlighted, and the corresponding HTML embed code is shown in a text area: `<iframe width="560" height="315" src="https://edshare.gcu.ac.uk/cgi/embed_player?docid=21624" frameborder="0" allowfullscreen="1"></iframe>`. A "Copy Embed Code" button is located below the code. Below the code, there are thumbnails for "Transcript" and "Animation". At the bottom left, it says "2 files in this resource". On the right side, there is a metadata panel with the following information: "leadership and strategy. This short animation tells the story of the City's resilience journey to date."; "Creators: Glasgow Centre for Population Health (GCPH)"; "Copyright holder: Copyright © 2017 GCPH"; "Tags: Glasgow Centre for Population Health"; "Viewing: World"; "permissions:"; "Related: Organisation"; "URLs:"; "Depositing: Mrs Marion Kelt"; "User:"; "Date: 11 Sep 2017 13:08"; "Deposited: 12 Sep 2017 01:20"; "Modified:"; "URI: http://edshare.gcu.ac.uk/id/eprint/2936"; "Actions (login required)"; and a "View Item" button.

- Sign in to GCULearn
- Go to the appropriate screen in your module
- Click create item
- Click the grey HTML button and paste the embed code into the popup window
- Click update
- Add in the appropriate title information and click submit
- The multimedia item will then display in a HTML5 player on your module page
